

Application for Plug-In Vehicle HOV Permit

Applicant's Name: First, Middle, Last		Date of Birth		Co-Applicant's Name: First, Middle, Last		Date of Birth			
Applicant's Soundex/Maryland Driver License Number				Co-Applicant's Soundex/Maryland Driver License Number FEIN #					
Applicant's Street Address				Co-Applicant's Street Address					
City or Town		County		State		Zip Code			
City or Town		County		State		Zip Code			
Model Year		Make		Model		Vehicle Identification Number		Title Number	

The above-described vehicle must meet all of the qualifications listed below for Plug-in-Electric Vehicles used in High Occupancy Vehicle (HOV) lanes in the State of Maryland regardless of the number of passengers:

- The vehicle must be made by a manufacturer and be made primarily for use on public streets, roads and highways;
- Has not been modified from original manufacturer specifications;
- Is rated at not more than 8500 lbs unloaded gross vehicle weight;
- Has a maximum speed capability of at least 65 miles per hour;
- Is propelled to a significant extent by an electric motor that draws electricity from a battery that has a capacity of not less than 4 kilowatt hours for 4-wheeled vehicles and not less than 2.5 kilowatt hours for 2 or 3-wheeled motor vehicles; and
- Is capable of being recharged from an external source of electricity.

I/we certify that my vehicle meets the above qualifications and the required HOV permit will be affixed on the rear of the vehicle in a visible position within 12 inches of the registration plate (not on the window).
